**answer**

to  
**stronger**  
nails

From the company you trust..

g<sup>e</sup>lish<sup>®</sup>  
SOAK-OFF<sup>®</sup>  
GEL POLISH

# The first-ever LED/UV Light Cured Vitamin Nail Strengthener

Formaldehyde, Toluene & DBP Free!

## STRENGTH

*Formulated to Maintain  
Natural Nails*

VitaGel™ STRENGTH  
is a **revolutionary**  
natural nail strengthener

- Enriched with Vitamins A, E and B5
- Designed to strengthen the natural nail
- Grow longer and stronger nails, free of blemishes
- Helps Gelish® and Nail Lacquer resist chipping for extended wear
- Can be worn alone as a natural nail strengthener

## RECOVERY

*Formulated for  
Thin & Damaged Nails*

VitaGel™ RECOVERY is the  
**answer** when thin, brittle, weak  
or damaged nails call for help!

- Maximum strength formula!
- All the benefits of STRENGTH in a more concentrated formula for added durability
- VitaGel RECOVERY fortifies and strengthens the natural nail to counteract stress and increase flexibility
- Works best as a base coat in actual contact with the natural nail

# vitagel™

VITAMIN ENRICHED  
SOAK-OFF GEL

BY gelish<sup>®</sup>  
SOAK-OFF GEL POLISH

**STRENGTH** & **RECOVERY** are the solutions to repairing weak, thin, brittle and damaged nails. Specifically developed to be applied alone, under Gelish<sup>®</sup> or any Nail Lacquer to encourage healthy nails and flawless wear. The ideal treatment for use after all nail enhancement removals.

VitaGel's protective and strengthening properties reinforce nail growth while guarding the natural nail from peeling, splitting and chipping.

The result? Beautiful, healthy, strong nails and long lasting manicures.

gelish<sup>®</sup>  
SOAK-OFF  
GEL POLISH

Amplify the beauty of your VitaGel<sup>™</sup> manicure with gorgeous shades of Gelish<sup>®</sup> Soak-Off Gel Polish. VitaGel<sup>™</sup> promotes conditioning of the natural nail with Vitamins A, B5 & E, while providing all of the exclusive benefits of a Gelish<sup>®</sup> manicure.

## Nail Lacquer

When worn under Nail Lacquer, VitaGel<sup>™</sup> extends wear for weeks at a time. Since VitaGel<sup>™</sup> acts as a protective layer, you have the option to change Nail Lacquer colors as often as you like (*when Nail Lacquer is removed with Non-Acetone Polish Remover*).

# Apply

## VitaGel™ over natural nails:

1. Shape the nail. Lightly buff the surface of the nail plate with a 220 grit buffer.
2. Cleanse the nail with Gelish® Nail Surface Cleanse and a lint-free nail wipe to remove any dust and oils.
3. Brush on VitaGel™ over the natural nail and cap free edge.
4. Cure for 30 seconds in LED Light or 2 minutes in UV Light.
5. Cleanse the nail with Gelish® Nail Surface Cleanse to remove the tacky residue.
6. Massage Gelish® Nourish Cuticle Oil into skin surrounding nail plate.

## VitaGel™ with Gelish®:

1. Shape the nail. Lightly buff the surface of the nail plate with a 220 grit buffer.
2. Cleanse the nail with Gelish® Nail Surface Cleanse and a lint-free nail wipe to remove any dust and oils.
3. Brush on VitaGel™ over the natural nail and cap free edge.
4. Cure for 30 seconds in LED Light or 2 minutes in UV Light.
5. Apply a thin coat of Gelish® Soak-Off Gel Polish color of choice. Cap free edge. Cure 30 seconds in LED Light or 2 minutes in UV Light. Repeat for second coat of color.
6. Apply a thin coat of Gelish® Top It Off.

Cap free edge. Cure 30 seconds in LED Light or 2 minutes in UV Light.

8. Cleanse the nail with Gelish® Nail Surface Cleanse and a lint-free nail wipe to remove the tacky residue.
9. Massage Gelish® Nourish Cuticle Oil into skin surrounding nail plate.

## VitaGel™ with Nail Lacquer:

Complete steps 1-5, *VitaGel™ over natural nails*. Apply 1 coat of Basecoat, 2 coats of Nail Lacquer, seal with Topcoat. Polish can be removed with Non-Acetone Nail Polish Remover and reapplied as desired.

# Remove

## VitaGel™ over natural nails:

1. Saturate a Gelish® Wrap It Off Foil Wrap with Gelish® Artificial Nail Remover. Wrap nail with foil. Soak for 10 minutes.
2. Remove foil. With an orangewood stick, gently remove any remaining gel. Be careful not to press into the nail.
3. Lightly buff the nail surface with a 220/280 grit buffer.
4. Massage Gelish® Nourish Cuticle Oil into skin surrounding the nail plate.

## VitaGel™ with Gelish®:

1. Break the seal by gently roughing the surface of the nail with a 180 grit buffer and remove the shine.
2. Saturate a Gelish® Wrap It Off Foil Wrap with Gelish® Artificial Nail Remover. Wrap nail with foil. Soak for 10 minutes.
3. Remove foil. With an orangewood stick, gently remove any remaining gel. Be careful not to press into the nail.
4. Lightly buff the nail surface with a 220/280 grit buffer.
5. Massage Gelish® Nourish Cuticle Oil into skin surrounding the nail plate.

## VitaGel™ with Nail Lacquer:

Before completing steps 1-4 of *VitaGel™ over natural nails*, you must first remove the Nail Lacquer with Non-Acetone Nail Polish Remover.
